Dear Sir/Madam,

The Asian Oncology Society (AOS) is a newly formed organization brought about by the merger of the Asian Clinical Oncology Society and the Asia and Pacific Federation of Organizations for Cancer Research and Control. Its aim is to foster cooperation among Asian Oncology Societies in order to promote cancer research and management in the region. The AOS shall have its very first international convention in Manila, Philippines on March 5-7, 2020. Venue shall be at the SMX Convention Center Manila, SM Mall of Asia Complex, Pasay City. The theme of this first convention is "Cancer Prevention to Therapeutics: The Genomic Era." It will bring together oncology specialists from the region for an exchange of ideas that would foster and promote international cooperation in oncology care in the region.

With over 19 countries participating in this first ever Asian Oncology Society conference, merging and fortifying information in relevant oncologic fields.

In this regard, we are pleased to invite you, your department, your fellows and residents to join us in the first Asian Oncology Society convention and participate in the society's first research presentation and abstract submission. The event will focus on regional to global research abstract presentations from diagnostics, genomics, translational research, to clinical bedside practice with the aim to bridge diagnostic and treatment knowledge gaps.

In partnership with the prestigious Kobayashi Foundation for Oncologic Research, Philippine Cancer Society, and Asian Oncology Society, we welcome abstracts from all over the world. Prizes will be given for outstanding medical abstracts! For more information, please visit our Abstract submission link and Submission Guidelines at <http://www.aos2020.com.ph> or email your research at aos2020@philcancer.org.ph. Deadline will be on October 15, 2019, 11:59pm Philippine Standard Time.

For convention registration, please see website at <http://www.aos2020.com.ph> or email us at aos2020@philcancer.org.ph.

Make an impact! Help bring better cancer care! Join us and participate in our convention!
