Ruter M. Maralit, M.D.
Ronald V. Romero, M.D.

Dennis A. Ona, M.D.
Immediate Past President

September 5, 2018

Alejandro C. Dizon, MD
President
Philippine College of Surgeons

Dear Dr. Dizon,

Greetings!

The Philippine Society of Digestive Endoscopy (PSDE) has been in the forefront in forwarding the science of endoscopy in the Philippines since 1976. We have been successfully holding annual live endoscopy workshops for the past 10 years.

This year's convention is named **ENDOSCOPYCON Philippines 2018: Beyond the Usual Endoscopy** on **October 9-10, 2018** at the historic The Manila Hotel in the heart of Manila. Our partner hospital for this year is Manila Doctors Hospital.

ENDOSCOPYCON PHILIPPINES 2018: Beyond the Usual Endoscopy offers the latest innovations in the field of diagnostic and interventional digestive endoscopy.

The Program is a collaborative effort with some of the world's leading Centers and Experts in order to provide an excellent environment to showcase knowledge and skills-sharing pertaining to the science of digestive endoscopy through two live teleconferencing, scientific lectures and live demos to complete the learning experience.

There will also be a simultaneous conference for endoscopy assistants. The last day is exclusive for endoscopy trainers only and will be handled under the supervision and guidance of World Endoscopy Organization (WEO) under their Program for Endoscopic Teachers (PET). We welcome delegates from regional Asian countries and international delegates as well.

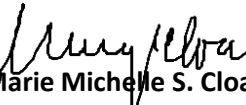

The scientific programs are also attached in this email. May we ask your help in **posting our poster to your website and social media accounts**. We assure you that this workshop will be of utmost benefit to your surgeons as we shuffle from up to date lectures, to video teleconferencing and live endoscopic demonstrations.

We are also giving discounted rates for early bird registrants until September 30, 2018. Please see the attached poster for details.

So join us in this exciting and revolutionary workshop as we... Discover... Experience... Explore... beyond the usual Endoscopy.

Thank you.

Sincerely,

Marie Michelle S. Cloa, M.D.

Course Director
